FHS Shows Gains on Illinois School Report Card

At Fenton High School, our mission "to educate and inspire each student to reach his/her fullest potential" is at the forefront of what we do each day to ensure student success. Recently, the Illinois State Board of Education released its annual State School Report Card. Our gains reflect a team effort by our staff, parents and community members, Board of Education and most importantly, our students. The chart below shows tremendous gains in both reading and math during the past three years.

Prairie State Achievement Exam Scores			
% Meets or exceeds standards	2011 (Class of 2012)	2012 (Class of 2013)	2013 (Class of 2014)
Math	55.3	59.9	62.2
Reading	42.8	44.1	54.6

FHS Curriculum Director Dr. Jill Kingsfield recently addressed the Fenton faculty and celebrated their hard work and dedication to achieve such gains. "This achievement," she said, "is a combined effort. ALL day in ALL departments, ACROSS the curriculum... that's what led to this success."

While the Illinois State Board of Education released the traditional District Report Card, it also unveiled a new, more user-friendly version which supports the State Board's goals for all schools to be safe and healthy learning environments and for every student to be ready for college and career.

To review the traditional 2013 Illinois District Report Card, visit the Fenton website at www.fenton100.org. It is located under the "About Us" tab. Please visit the Illinois School Report Card website at www.illinoisreportcard.com for more information. On their home page, type 60106 in the zip code option to view additional information about Fenton High School.

Heroin Awareness Presentations January 29

In response to the growing heroin epidemic in DuPage County, Fenton High School is partnering with the Bensenville and Wood Dale Police Departments to provide critical information to students and parents. On January 29, during the school day, Fenton students will participate in an assembly. A parent workshop will be held in the evening from 7 to 9 p.m. in the Lewis-Huffman Auditorium at Fenton. The presentation will include local police, recovering heroin addicts and family members affected by heroin addiction. Students will also hear from the DuPage County Coroner. The community is invited to attend the parent workshop.

Seniors Prepare for Compass Math Placement Test

This fall, senior students enrolled in College Algebra traveled to the College of DuPage to take a practice Compass Math Placement Test. Compass tests are used by colleges and universities to determine which course level a student is eligible to enroll in. The goal of the trip was to familiarize students with the testing procedures and to produce a score from which they can improve upon. The students will take the test for a placement score in the spring.

Illinois State Scholars Announced

The Illinois Student Assistance Commission (ISAC) is pleased to recognize the following Fenton High School students who have been named Illinois State Scholars for their outstanding academic achievement. Students are selected based on the combination of exemplary college entrance examination scores and record high school achievement.

High Credit Rating a Boost to District, Village

Bensenville District 2's credit rating of AA+ is a reflection of strong finances and a favorable outlook on the Bensenville area in general.

Standard & Poor's Rating Services reaffirmed the District's credit rating in October as part of a bond refinancing plan that is saving taxpayers \$1.4 million in interest through the year 2026.

The District's AA+ rating is just one step below the highest rating possible of AAA. The credit rating agency cited the District's financial management and the favorable economic characteristics of the Bensenville area.

"This credit rating represents a positive outlook for District 2 and the community as a whole," said Superintendent Dr. James Stelter.

Members of the 8th Grade Math Team are recognized by the Board of Education for a first place finish in a regional math competition held in November at Montini High School.

8th Grade Math Team Wins Regional Contest

Blackhawk Middle School 8th Grade Math Team captured first place in a regional competition at Montini High School in November. More than 600 students participated in the competition from dozens of schools.

The team included Joseph Ghanimah, Kurt Castillo, Adam Ghanimah, Adam Chaidez and Nicole Rybak. Also, Joseph Ghanimah placed third in the individual contest and Kurt Castillo placed sixth. Margaret Quilapio, 6th grade, placed sixth in her grade level.

The team was recognized for their achievement by the Board of Education and Superintendent Dr. James Stelter at the Nov. 20 meeting. They were also commended by the Bensenville Village Board. The teams are coached by Mrs. Cora Popescu and Mrs. Susan Felker.

Teachers Celebrate Library's Connection To Schools

Bensenville Community Public Library staff was recognized by the Bensenville Education Association as District 2 Friends of Education in celebration of National Education Week Nov. 18-22.

"Every year, the Bensenville Education Association awards the Friend of Education award to a person or group that makes a difference in the lives of the students and teachers in District 2," said Angie Adams, BEA co-president. "The staff at the Bensenville Public Library was a unanimous choice. The teachers greatly appreciate all that the library staff does for the students, from book talks to mentoring and so much more. It is an honor to celebrate the wonderful partnership between the library and District 2."

Library Director Jill Rodriguez said the library Board of Directors and library staff value its relationship with the schools.

"It's a labor of love. It's where a library is supposed to be," Ms. Rodriguez said.

Bensenville Education Association Co-President Angie Adams presents Library Director Jill Rodriguez, left, and Library/School Liaison Penny Mandziara, right, with the Friend of Education award Nov. 18.

Blackhawk Girls 8th Grade Basketball Team Undefeated

The 8th grade girls basketball team completed their season undefeated – 13-0.

Coach Ms. Natalie Wendling said this team was different from the start. They were a cohesive unit, stronger together than individually. They never gave up and were always positive to each other. She attributes the team's success to four team leaders: Victoria Itzkow, Arianna Garry, Dalayah Brown, and Danielle Milano.

Victoria Itzkow has been playing for four years with the park district, BBAA and Lady Bison feeder team.

"Our team was really confident this year. All the players have improved so much this year. We all have a positive attitude," Victoria said.

"I always like to make people feel better about themselves. I will be really positive even if they make a mistake...it's OK."
