## At-Home Brain Challenge

AGES: 4-10

At home and running out of things to do?  
We put together an **un-BEE-lievably** fun challenge  
to keep you learning and playing. Complete the  
activity on each square! Bring in your completed  
challenge sheet and receive a **special prize** when  
we reopen. We can't wait to see you!

Did you know? Honey bees are super-important pollinators for flowers,  
fruits, and vegetables. This means that they help other plants grow!
